Product Name: Phospho-Tau (S214) (12D14) Rabbit

Monoclonal Antibody Catalog #: AMRe06030

Summary

Production Name Phospho-Tau (S214) (12D14) Rabbit Monoclonal Antibody

Description Rabbit Monoclonal Antibody

HostRabbitApplicationWB,ELISAReactivityHuman,Mouse

Performance

Conjugation	Unconjugated
Modification	Phospho Antibody
Isotype	IgG
Clonality	Monoclonal
Form	Liquid
Storage	Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.
	Rabbit IgG in phosphate buffered saline , pH 7.4, 150mM NaCl, 0.02% New type
Buffer	preservative N and 50% glycerol. Store at +4°C short term. Store at -20°C long term.
	Avoid freeze / thaw cycle.
Purification	Affinity purification

Immunogen

Gene Name MAPT

MAPT; Microtubule-associated protein tau; MTBT1; Neurofibrillary tangle protein; Alternative Names

Paired helical filament-tau; PHF-tau

 Gene ID
 4137.0

 SwissProt ID
 P10636.

Application

Dilution Ratio WB 1:500-1:2000

Molecular Weight 79kDa

Product Name: Phospho-Tau (S214) (12D14) Rabbit

Monoclonal Antibody Catalog #: AMRe06030

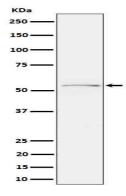

Background

Promotes microtubule assembly and stability, and might be involved in the establishment and maintenance of neuronal polarity. The C-terminus binds axonal microtubules while the N-terminus binds neural plasma membrane components, suggesting that tau functions as a linker protein between both. Promotes microtubule assembly and stability, and might be involved in the establishment and maintenance of neuronal polarity (PubMed: 21985311). The C-terminus binds axonal microtubules while the N-terminus binds neural plasma membrane components, suggesting that tau functions as a linker protein between both (PubMed:21985311, PubMed:32961270). Axonal polarity is predetermined by TAU/MAPT localization (in the neuronal cell) in the domain of the cell body defined by the centrosome. The short isoforms allow plasticity of the cytoskeleton whereas the longer isoforms may preferentially play a role in its stabilization.

Research Area

Image Data

Western blot analysis of Phospho-Tau (S214) expression in mouse cerebral cortex cell lysate.
