

Product Name: MAP-2 Rabbit Polyclonal Antibody
Catalog #: APRab13626

Summary

Production Name	MAP-2 Rabbit Polyclonal Antibody
Description	Rabbit Polyclonal Antibody
Host	Rabbit
Application	WB,IHC,ELISA
Reactivity	Human,Mouse,Rat

Performance

Conjugation	Unconjugated
Modification	Unmodified
Isotype	IgG
Clonality	Polyclonal
Form	Liquid
Storage	Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.
Buffer	Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% New type preservative N.
Purification	Affinity purification

Immunogen

Gene Name	MAP2
Alternative Names	MAP2; Microtubule-associated protein 2; MAP-2
Gene ID	4133.0
SwissProt ID	P11137.The antiserum was produced against synthesized peptide derived from human MAP-2. AA range:14-63

Application

Dilution Ratio	WB 1:500 - 1:2000. IHC 1:100 - 1:300. ELISA: 1:40000..
Molecular Weight	280kD

Background

Product Name: MAP-2 Rabbit Polyclonal Antibody
Catalog #: APRab13626

This gene encodes a protein that belongs to the microtubule-associated protein family. The proteins of this family are thought to be involved in microtubule assembly, which is an essential step in neurogenesis. The products of similar genes in rat and mouse are neuron-specific cytoskeletal proteins that are enriched in dendrites, implicating a role in determining and stabilizing dendritic shape during neuron development. A number of alternatively spliced variants encoding distinct isoforms have been described. [provided by RefSeq, Jan 2010], alternative products: Additional isoforms seem to exist, function: The exact function of MAP2 is unknown but MAPs may stabilize the microtubules against depolymerization. They also seem to have a stiffening effect on microtubules., PTM: MAP2A/c is phosphorylated. Phosphorylated upon DNA damage, probably by ATM or ATR., similarity: Contains 3 Tau/MAP repeats., similarity: Contains 4 Tau/MAP repeats.,

Research Area

Image Data

Immunohistochemistry analysis of MAP-2 antibody in paraffin-embedded human brain tissue.

Western blot analysis of lysate from mouse brain, using MAP-2 antibody.
