# **Product Name: Recombinant Mouse TROP-2 (C-6His)**

Catalog #: PHM1926

## **Summary**

Name TROP-2/TACSTD2/Tumor-associated Calcium Signal Transducer 2

**Purity** Greater than 95% as determined by reducing SDS-PAGE

**Endotoxin level** <1 EU/µg as determined by LAL test.

Construction Recombinant Mouse Tumor-associated Calcium Signal Transducer 2 is

produced by our Mammalian expression system and the target gene

encoding Gln25-Gly270 is expressed with a 6His tag at the C-terminus.

Q8BGV3 Accession #

Host **Human Cells** 

**Species** Mouse

**Predicted Molecular Mass** 28.8 KDa

Lyophilized from a 0.2 µm filtered solution of PBS, pH 7.4. **Formulation** 

**Shipping** The product is shipped at ambient temperature. Upon receipt, store it

immediately at the temperature listed below.

Store at ≤-70°C, stable for 6 months after receipt. Store at ≤-70°C, stable for 3 Stability&Storage

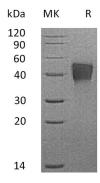

months under sterile conditions after opening. Please minimize freeze-thaw

cycles.

Reconstitution Always centrifuge tubes before opening. Do not mix by vortex or pipetting. It is

not recommended to reconstitute to a concentration less than 100µg/ml. Dissolve the lyophilized protein in distilled water. Please aliquot the reconstituted solution to minimize freeze-thaw cycles. **Alternative Names** 

Tumor-associated calcium signal transducer 2; Tacstd2; Trop2; Cell surface glycoprotein Trop-2

Background

Tumor-associated calcium signal transducer 2(Tacstd2), also known as Cell surface glycoprotein Trop-2, belongs to the EPCAM family. Tacstd2 expressed in kidney, lung, ovary and testis and has high levels of expression in immortalized keratinocytes. Tacstd2 may functions as a growth factor receptor. It has negative regulation of branching involved in ureteric bud morphogenesis, cell motility, epithelial cell migration, ruffle assembly, stress fiber assembly and substrate adhesion-dependent cell spreading. Also, it has positive regulation of stem cell proliferation. Tacstd2 is capable of transducing an intracellular calcium signal and may play a role in tumor growth. It also has adhesive functions.
